

Gifts to Powell Medical Foundation

This sheet gives general information needed when making a charitable gift to Powell Medical Foundation. Our staff is available to work with the donor's financial advisors in order to fulfill the donor's philanthropic intent and to develop a successful gift to benefit the healthcare needs of our community.

Mission: To assist the Powell Hospital District and the community in providing quality health care services through the solicitation and administration of gifts and donations.

IRS Status 501(c)3

Powell Medical Foundation is a community owned not-for-profit organization in accordance with section 501(c)3 of the Internal Revenue Code, U.S. Department of Treasury. Powell Medical Foundation is not a private foundation within the meaning of 509(a) of the Code because it is described in sections 509(a)(1) and 170(b)(1)(A)(i).

Because we are a not-for-profit organization, donors who wish to financially support the Foundation can do so and enjoy the tax reduction benefits to the extent allowed by law. We encourage donors to consult with their professional advisors regarding how charitable gifts will affect their personal situation.

Our legal name is: "Powell Medical Foundation."

Legal Name

Unrestricted Gifts

Gifts given in an unrestricted nature are appreciated. Unrestricted gifts allow the Foundation to direct funds where there is the greatest need.

Designated Gifts

Gifts may be designated to capital and program improvements as requested by donors. Designated gifts may include gifts to purchase new equipment, gifts to support outreach programs such as diabetes education, and gifts to the PMF scholarship fund.

Gifts to Endowments

Powell Medical Foundation has several established endowments benefiting a wide range of programs and causes including, but not limited to:

- Greatest Need
- End of Life

For more Information...

Donors may establish a *named* endowment with a commitment of \$10,000 or more and may place special designations on distributions to benefit the area of health care that they would most like to impact.
